Environment							
<p>Odour complaint #1 – 2019: One odour complaint was received in the month on January 28th at 1:00 PM. Odours were noted while purchasing fuel at Irving station. The wind direction was gusting NW toward Irving at 10 kph at the time. All processes and systems were operating normally and no inbound waste was being received during this time period. Two outbound loads of finished product did leave the site during this time period however. A formal report was filed.</p>
